A Word From Mrs. Bryan

Dear Families,

I am honored to be entrusted with your incredibly special children. They are such a gift to this world and I cherish every day I get to witness their growth. They come to class ready to learn, with thought provoking questions that move our conversations further than I could ever imagine. There isn't a single day that I don't walk out of school with a giggle, a smile, and having learned something new from your children.

Dear Students,

I am humbled everyday we get to learn together. You brought all of yourselves to dance and each class benefited from the unique perspectives you brought. Today, and everyday, I only ask that you be present, bring all of yourselves and to know in your heart that you will always belong in the dance room.

The Art Of Belonging

4-6

I'm Still Standing- 5th Grade
